

GRADUATE PROFILE

SPRING
2021

This May, South Louisiana Community College graduated **500** college students and bestowed industry-based certifications to more than **850** individuals from across Acadiana who will be entering our local workforce and/or transferring to regional universities to continue their educational journeys. As we work to increase the number of Acadiana residents who hold valued industry-based credentials and college degrees, SLCC is proud to be a key partner with each local community to help with workforce needs and move our parishes forward through higher education. Here's a quick look at the graduate credentials from Spring 2021.
