GRADUATE PROFILE | SUMMER/FALL 2022

This December, South Louisiana Community College graduated **890** college students and awarded **42** high-school diplomas. In addition, over **900** industry-based certifications were earned by **661** individuals from across Acadiana. Many of these residents will be entering our local workforce and/or moving forward in their educational journeys. As we work to increase the number of Acadiana residents who hold valued industry-based credentials and college degrees, SLCC is proud to be a key partner with each local community to help with workforce needs and move our parishes forward through higher education. Here's a quick look at the graduate credentials from Summer and Fall 2022.
